EXPERIENCE

Relyon, Bangalore — Web Developer

2024-02-12 - PRESENT

As a skilled **Web Developer**, I specialize in creating dynamic, user-friendly, and high-performing websites using platforms like **Shopify**, **WooCommerce**, and **WordPress**. With a deep understanding of both front-end and back-end development, I focus on building visually appealing, responsive designs that align with brand identity and deliver seamless user experiences.

My expertise includes **custom theme design**, **plugin integration**, **payment gateway setup**, and **e-commerce functionality optimization** to help businesses establish a strong online presence and increase conversions. Beyond design and development, I'm proficient in **server setup, hosting management, and website maintenance**, ensuring optimal performance, security, and uptime.

Whether developing from scratch or redesigning existing platforms, I emphasize scalability, SEO best practices, and mobile-first design principles to meet modern digital standards.

Core Skills:

- Shopify store setup, theme customization, and app integration

- WooCommerce product management, checkout optimization, and plugin configuration

- WordPress website design, migration, and speed optimization

- Server setup, DNS configuration, and regular maintenance

- Troubleshooting, website backup, and security enhancements

SKILLS

 Shopify, WordPress, Woocommerce, cPanel, SEO, HTML5/ CSS3, JavaScript, Bootstrap, jQuery, MySQL, PHP, Material UI, Bootstrap, React.js, GitHub, Git

B.E (CSE) from VTU University (Belagavi), Karnataka in 2020. HSC & SSC from Allahabad board, Uttar Pradesh.

HinduTrade, Bangalore — Web Developer

2023-03-31 - 2024-01-31

As a Web Developer at HinduTrade, I played a pivotal role in crafting dynamic and user-centric websites. Collaborating with cross-functional teams, I implemented innovative solutions, ensuring seamless functionality and optimal user experiences.

Proficient in front-end and back-end technologies, I contributed to the development of responsive, visually appealing interfaces. My responsibilities included code optimization, troubleshooting, and staying abreast of industry trends. Successfully delivering projects within deadlines, I demonstrated adaptability and problem-solving skills

Built Design, Hyderabad — Web Developer

2022-08-31- 2023-02-28

Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance.

Reviewed project specifications and designed technology solutions that met or exceeded performance expectations. Coordinated with other engineers to evaluate and improve software and hardware interfaces. Partnered with the development team on product development and application support plans.

OVI Hosting, Bangalore — Web Developer

2021-2-28 - 2022-07-31

UI Components Designing & Application Interface Coding Identified web-based user interactions and developed highly responsive user interface Components via React Concepts.

Translated Designs & wireframes into high-quality code and wrote application interface code via JavaScript following React.js workflows. Code Debugging & Front-end Architecture Troubleshot Interface software and debugged application codes to improve functionality and performance by %0%. Developed and implemented front-end architecture to support user interface concepts.
